

KATHY SIMPSON is a resident of Idaho Falls, Idaho. She grew up in Blackfoot, Idaho where her parents had a small family farm in Groveland. Following graduation from Blackfoot High School, she attended and received a Bachelor of Science degree from the College of Family, Consumer and Human Development at Utah State University in 1972.

She has pursued a career in business that includes 13 years in the financial services industry where she held such positions as commercial loan officer, operations manager, regional branch manager and marketing director.

In 2012 she retired from the Idaho National Laboratory after 20 years where she managed various functions including electronic publications, the communications and public affairs division and management communications. She also served as the interior design lead for the office of campus development.

She has been active in community service over the years serving on the boards of the Blackfoot Chamber of Commerce and United Way. She has also supported fund raising for the Idaho Meth Project.
